Dear guests,

your Haus Geigenmacher lies directly at the foot of the Hohe Salve.

### Susanne Hettwer

When I first moved to Austria in 2018 - shortly before my 50th birthday - with my now 16-year-old son Benedikt, we were full of anticipation to become hosts in a private room rental business.

We were attracted by the diversity of our guests, who have visited us from all regions of the world. For us it is still a great pleasure to meet people from all over the world who share the same passion: "The love of nature".

From a sporting point of view, we enjoy swimming in the many beautiful lakes in the area, but in winter we also enjoy indoor swimming followed by a wellness programme. Walks and hikes in the wonderful scenery surrounding us also belong on our to-do list. And if time permits, we also enjoy a few kilometres on the slopes.

It gives us great pleasure when you feel at home with us - in a family atmosphere. We are happy to welcome you at any time of the year and look forward to spending harmonious days with you, enjoying a delicious breakfast and having informative and friendly conversations.

Sincerely

Susanne and Benedikt Hettwer
